

Term 6 Newsletter 2019 – 2020

Message from Michelle Reysenn – Headteacher

Dear families,

Firstly, can I thank all of you for your continued help, support, and kindness, this year, particularly over the past few months. It has been such a challenging period for all of us, with many difficult decisions to make. Not only have we had to juggle pupils returning, ensuring safety is a priority, but we have also implemented a staff rota, so that fewer people are on-site at any one time, and that staff also can have time away from school, and make sense of this unexpected pandemic, and the effects that follow.

We hope, like you do, that within a few weeks of the autumn term, we will return back to normal, and staff and pupils will be back on-site at Notton, laughing, playing, learning, and experiencing new things. But, we must take things steadily, and slowly, increasing the numbers on-site by only a couple more each week. We will need to go through safety briefings with everyone, so that our pupils are aware of how things have changed: why there are stickers and social distancing reminders across the site, why we need to stay 1m apart, and why it is vital to wash hands regularly. We now have hand sanitisers in every classroom, office, and care area, and temperatures are taken daily. PPE is available for anyone who wishes to use it.

However, I think you will see from this final newsletter of the year, that there is so much to celebrate and be grateful for. From the summer camp (on the school field), to home and outreach visits, weekly challenges, and to a different way of learning for those in school, there is something for us all to reflect on and take positively from the lockdown period.

For now, please, stay safe this summer, because, we are so desperate to see EVERYONE back on-site at Notton as soon as we can.

Best wishes,

Michelle.

When children pretend, they're using their imaginations to move beyond the bounds of reality. A stick can be a magic wand. A sock can be a puppet. A small child can be a superhero.

8 WAYS A CHILD'S ANXIETY SHOWS UP AS SOMETHING ELSE

1. Anger

The perception of danger, stress or opposition is enough to trigger the fight or flight response leaving your child angry and without a way to communicate why.

4. Chandeliering

Chandeliering is when a seemingly calm person suddenly flies off the handle for no reason. They have pushed hurt and anxiety so deep for so long that a seemingly innocent comment or event suddenly sends them straight through the chandelier.

2. Difficulty Sleeping

In children, having difficulty falling asleep or staying asleep is one of the hallmark characteristics of anxiety.

5. Lack of Focus

Children with anxiety are often so caught up in their own thoughts that they do not pay attention to what is going on around them.

FOCUS

6. Avoidance

Children who are trying to avoid a particular person, place or task often end up experiencing more of whatever it is they are avoiding.

7. Negativity

People with anxiety tend to experience negative thoughts at a much greater intensity than positive ones.

3. Defiance

Unable to communicate what is really going on, it is easy to interpret the child's defiance as a lack of discipline instead of an attempt to control a situation where they feel anxious and helpless.

8. Overplanning

Overplanning and defiance go hand in hand in their root cause. Where anxiety can cause some children to try to take back control through defiant behavior, it can cause others to overplan for situations where planning is minimal or unnecessary.
